## TIPS:

- Liechtenstein is so small that most can be seen within a day (2 days if you really want to dig deep)
- If doing a day trip, be sure to arrive early and consider having your own car to ensure you can move around more quickly.
- Zurich in Switzerland is only a 1 hour drive each way to Liechtenstein and the closest airport to the country.
- Arrive at the Tourist Information Center when they open at 9am to maximize the use of your 1 day Adventure Pass (2 day passes are also available.) which offers access to the countries main attractions and highly recommended. Click <u>HERE</u> to see all the offers included.
- The Tourist Information Center is the only place in the city where you can get your souvenir passport stamp. (Free with your Adventure Pass.)
- Liechtenstein stamps are highly acclaimed. To send a postcard from Liechtenstein, postcards can be purchased anywhere in the city but the best stamps in my personal opinion come from the tourist information center as you can make your own.
- A lot of attractions are closed on Sunday or close early on Saturday such as Dammel Kaffee (Free coffee with your Adventure Pass) so plan accordingly.
- If you are not staying in Liechtenstein which can be quite expensive the best place to stay in is Switzerland and visit 2 countries while you are in the area. (See my Switzerland weekend guide HERE.)
